

Delivery Mode: ODL

PROGRAMME DESCRIPTION

Our program, Bachelor of Nursing Sciences (Honours) is designed for nurses interested in disease prevention and community and population health. The course aims to generate excellent nurses, who are fit for practice and competent to meet the essential needs of all patient categories. The students will experience a unified academic and professional training background structured to facilitate them to gain the knowledge, awareness, and skills to pursue and nurture a career in contemporary nursing training. The program is offered in Open and Distance Learning Mode (ODL).

PROGRAMME AIM

This program enables the students to learn both the theoretical and practical aspects of nursing so that they are trained with the knowledge, skills, and attitudes essential to function effectively as professional nurses in their chosen division of nursing.

PROGRAM DURATION

Duration: 48 Months

CAREER OPPORTUNITIES:

Bachelor of Nursing Sciences (Honours) offers a range of advanced postgraduate courses in specialty areas, including-

- Clinical Nursing
- Nurse Educator
- Industrial Nurse
- Nurse Researcher
- Nurse Practitioner
