

## PROGRAMME DESCRIPTION

Medical Assistants are health care professionals who provide curative, promotive, preventive and rehabilitative services. They function in Public Health Care Settings and in various Medical Care/Service Departments of the Hospital like the Emergency Department, Pre Hospital Care and in Specialized Care/Service Department. In the Public Health Care sector they play an important role in Out Patient Care and participate in all health care outreach programs as stipulated by the Public Health Division Ministry of Health Malaysia.

## PROGRAMME AIM

The program aims to produce knowledgeable, skillful and competent Medical Assistants to serve the needs of the Health Care Industry.

## PROGRAMME DURATION

Maximum Duration: 36 Months
