

## PROGRAMME DESCRIPTION

Our Diploma in Multimedia programme is designed to provide the students with the necessary skills and knowledge required to develop effective multimedia applications. This program introduces students to the diverse aspects of multimedia including professional multimedia development, packages for multimedia development, web development, 3D animation, special effects, digital audio and digital video.

Besides technical skills, students will also be guided effectively regarding, engaging the viewers of the products with the help of, creative blend of various forms of media.

## PROGRAMME AIM

Students will gain the opportunity to design and develop effective multimedia systems using the latest and established software tools and techniques.

## PROGRAMME DURATION

Duration : 30 Months

## INTAKE AND ENTRY REQUIREMENTS

March, July, November

Pass Certificate of Education (SPM) with at least three (3) credits in any subject or any other qualification recognized equivalent.

### English Requirements :

International students must have proof of good proficiency in verbal and written English. For example, International English Language Testing System (IELTS) score of 6.0 or its equivalent. If a student does not meet this requirement, HEPS must offer English proficiency courses to ensure that the student's proficiency is sufficient to meet the needs of the programme.
